RE: LIVING CHRISTMAS TREE FUNDRAISER DRIVE

Thank you for your enquiry into a Real Christmas Tree, fundraising drive.

About us ~

All our Christmas trees are grown on our property located between Kingaroy & Kumbia in Qld. We have a decade of experience supplying trees to customers to help make their Christmas magical. We grow living Christmas trees in various sizes, we offer our 6ft (1.8M) tree to our fundraising groups, and it is by far the most popular, and suites the average sized home.

Tree info ~

Trees are grown, nurtured & pruned for over 3 years into the traditional Christmas tree shape;
All trees are cut fresh;
They come netted for ease of transport, & fit in most cars where the back seat folds down;
We recommend trees last 3 weeks, if kept inside, away from windows, direct sunlight, hot breezes and kept in water;
In order for a tree to be kept upright, it's best to be fitted with a stand, which also has a reservoir for water. Stands are re-useable, and are offered as an optional extra to on-sell.

Fundraiser details ~
